

Director, Photographic Intelligence Center

24 November 1959

Special Assistant for Research and Development, PIC

The Design for PI Cell.

1. As you will see in the minutes of the Technical Development Board of 23 November 1959, [] is considered to have submitted the best proposal in the design study. In order for this company and its sub-contractors to accomplish the work of the study, as outlined in the proposals, it will be necessary for a group of clearances to be established for the following people and companies:

25X1

[]
"T" "KH" and "SI"

New clearances. Will need

25X1

[] Will need "T" "KH" and "SI". [] has previously had "T" "CHAL" and Special C clearances. [] will be leaving in May for the Case Institute, but will need his services until that time.

25X1

25X1

25X1

[] has had "T" and "CHAL" clearances. Both need "T" and "KH".

25X1

[] New Clearance. Need "T" and "KH".

25X1

[] New clearance. Need "T" and "KH".

[] will need at least a SECRET clearance by the first week in December, and a "T" and "KH" clearance by February, 1960.

25X1

[] will not start work until February, but they must have "T" and "KH" by then.

25X1

2. I request approval of this plan so that it can be acted upon immediately and your recommendations as to the implementations.

25X1

Distribution:

- 0 & 1 - Addressee
- 1 - R & D file
- 1 - D/PIC chrono
